Education

Bachelor of Economics, Kasetsart University (2019-2023)

Research/Thesis Project: Factors affecting the consumption of fast fashion clothes in people aged 18 - 29 years in Bangkok

Career Goal (About me)

Dedicated Junior Data Analyst with a creative mindset and a strong inclination toward continuous learning. As a self-taught professional, I have developed a solid foundation in data analysis, coupled with a passion for exploring new concepts and methodologies. I firmly believe that my expertise and skills can greatly contribute to supporting your data/business unit, driving valuable insights, and fostering growth within the retail industry.
